

EU Support for Rule of Law - Republic of North Macedonia

VACCANCY Notice – Information technology (ICT) expert EU funded project “ Support for Rule of Law “

Contractor: Agency for European Integration and Economic Development (AEI)

Location: Skopje, North Macedonia

Type: short-term engagement

Expected start: October 2021

Expected duration: 30 days, October 2021 – November 2021

BACKGROUND

During the conducted survey under activity 2.5.1 was identified, that the current situation related to the topic information technology in the ARO and AMCP office requires an urgent update. The foreseen measures are in line with the new national strategy for strengthening of the capacities of financial investigation and confiscation of illegally acquired assets 2021-2023. This strategy is seen as government priority.

The short-term expert in the field of IT technology will provide an urgent need assessment related to the Asset recovery office (ARO) and Agency for Management of confiscated property (AMCP) as two very important institutions in this extremely specific field of financial investigation. The work will be carried out under Component 2 (enhance of investigation capacities) as part of the implementation team for the European Union grant-funded project “EU Support for Rule of Law” in North Macedonia. The project is being implemented by an experienced international partnership led by the Agency for European Integration and Economic Development GmbH and three Co-Applicants - the Ministry of Justice and Administration of the Republic of Croatia, the Ministry of Interior of the Republic of Austria and the Ludwig Boltzmann Institute of Fundamental and Human Rights.

The Overall Objective of the project is to strengthen the rule of law in North Macedonia. The project has four specific objectives: 1. To improve the capacities of justice institutions to deliver justice in transparent and accountable manner, 2. To strengthen the capacities to effectively implement modern investigation techniques in fighting organized crime, 3. To improve the prevention and fight against corruption, and 4. To enhance the protection of fundamental rights.

ROLES AND RESPONSIBILITIES

The current situation in North Macedonia was identified in an international survey, which has clarified the status quo in the areas of financial investigation, asset recovery, seizure and confiscation, the objectives and the kind of support required as well as the institutional and legal framework in the Republic of North Macedonia. Related to two particularly important institutions in this comprehensive chain, the asset recovery office and the Agency for management of confiscated property currently IT solutions are identified of utmost
